Red Bull Road to Rookies Cup: Personal travel & boarding expenses

Q: What's the next step after selections? Do we hit the race track right away?

A: We know it would be difficult for the selected riders to be away from the track, but as majority of these are new to the racing arena it's important to ensure that you are track ready. Fitness also plays a major role when you are on a racing track with 21 others competing for the winner title at top speeds, hence a check on their fitness levels is a must too and hence we go an extra mile on organizing an extensive 3 day Rider Training Camp

The Riders will be given a thorough technical training session of 3 days at Kari Motor Speedway, Coimbatore– at the end of which the riders will apply and obtain Federation of Motorsports Club of India (FMSCI) 2W License. Here they will undergo theory sessions & on track riding under the guidance of experts in the industry. This training is to give a hands-on experience of the bikes that the riders will be racing for the season.

Round 1 begins after the 3 day training. The 2018 season of JK Tyre Suzuki Gixxer Cup would see the inaugural round followed by the next two rounds of the season being hosted at Kari Motor Speedway, Coimbatore, and the season's finale at the Buddh International Circuit, Greater Noida. The provisional race calendar for this season is uploaded on the website.
